

ROTAIR SYSTEMS LIMITED

*Innovative Load Moving
Solutions for Today's Industry*

Roll Handlers

Rotair Systems Roll Handlers offer a simple, easy-to-use solution for moving heavy rolls and coils in today's busy working environments.

Operating on a thin film of air - like a hovercraft - Roll Handlers offer a cost-effective solution that requires minimum effort from the operator. Just 1 kg of effort from the operator will easily move 500 kgs of load weight. This ensures that loads of all weights can be moved effortlessly and safely with the minimum of manpower.

Check out some of the impressive features of these fine roll handling and moving systems:

- ▶ Easily handle heavy paper rolls, cable drums and other coils of heavy materials.
- ▶ Cost-effective & low maintenance - all you need is a little shop air.
- ▶ Omni-directional - great for tight spaces.
- ▶ Adjustable width to suit most size drums and heavy rolls.
- ▶ Reliability of air powered systems.
- ▶ Quiet and gentle to operate - no user fatigue.
- ▶ Minimum floor lift ensures little risk of load damage.
- ▶ Use of air film protects floor surfaces.
- ▶ Rotair's excellent pre-sale and backup support.

Just a little shop air and you're in business!
